## About Krishna

From the exterior to the grand entrance, the Krishna model is designed to make a statement. The front entryway features a grandiose open to below 17 ft. ceiling. As you walk inside, the main floor features a massive great room that connects dining and kitchen spaces and an (optional) exterior deck. The kitchen is also connected to the mudroom and attached garage with a walk-through pantry. Upstairs, you'll find a bonus room perfect for spending time with family, a laundry room, full upstairs bathroom, and two large bedrooms overlooking the front of the home. The master bedroom is conveniently placed in the back of the home and has a spa-like five-piece ensuite and connected walk-in closet.
